EXECUTIVE PROFILE

Commercially driven hospitality marketing supervisor with 3+ years of dedicated hotel marketing experience and a broader hotel career since 2021 spanning front-office operations, room sales, pricing, distribution and guest experience. Progressed from Front Desk / Shift Leadership to Marketing Coordinator and then Marketing Supervisor. Combines demand generation with hands-on sales conversion, corporate and travel-trade acquisition, ADR/rate-structure support, OTA distribution, performance marketing and banqueting growth. Track record includes EGP 300K+ in directly tracked room bookings from a 7-day EGP 4K campaign (75x+ ROAS), occupancy growth from 38% to 80%+ during the campaign period, banquet wedding volume scaling to about 60 per month from no more than 10 even in prior peak periods, and EGP 3M+ room revenue from one acquired corporate account in six months. Known for identifying commercial gaps, building practical marketing solutions and converting demand into measurable revenue.

EGP 300K+ Direct Room Bookings 7-Day Campaign	75x+ Campaign ROAS EGP 4K Media Spend	~60 / Month Average Weddings From <=10 at Peak	EGP 3M+ Room Revenue One Corporate Account - 6 Months
--	--	---	--

Additional proof: 2.7M+ content views | 15,613 messaging conversations | Booking.com photo quality 10/10 for both hotels | Digital period: 1 Jul 2025 - 1 Jul 2026

CORE EXPERTISE

Hotel Marketing Strategy & Commercial Planning	Sales Enablement & Revenue Growth	Corporate & Travel Trade Acquisition
ADR, Rate Structures & Pricing Support	Booking.com / OTA Distribution	Market & Competitor Intelligence
Banqueting Revenue & Wedding Marketing	Google Ads, Meta Ads & Pixel	Brand & Marketing Communications
Direct Booking / Digital Channels	Guest Experience & Reputation	Team Training & Leadership

SELECTED CAREER HIGHLIGHTS

- Revenue Campaign & Occupancy:** Proposed, planned, produced and executed an AI-led rooms campaign with EGP 4K media spend; personally handled incoming direct reservations and generated EGP 300K+ in directly tracked bookings within 7 days (75x+ ROAS), excluding walk-ins, while occupancy moved from 38% to 80%+ during the campaign period.
- Banqueting Commercial Turnaround:** Assigned by the General Manager to restructure and establish the Banqueting function, including staff selection/hiring support, marketing training, competitor and package benchmarking and package redesign; proposed bringing marketing in-house and personally led campaigns, helping scale wedding volume to about 60 per month from no more than 10 even in prior peak periods.
- Corporate Revenue & Acquisition:** Developed Hero Middle East & Africa as a corporate account, generating EGP 3M+ in room revenue from employee accommodation in the most recent six months; also converted new travel accounts and embassy/delegation business.
- Travel Trade & Market Diversification:** Conduct continuous feeder-market research across Chinese, Gulf, Italian, Spanish and other segments, converting market intelligence into contracted business with Egypt Shali Travel, Total Tours, Gratsia Tours, Discovery Tours Egypt, Asyad Travel and other demand sources.
- Digital, OTA & Distribution Performance:** Delivered 2.7M+ content views, 1.5M+ Reels views, 200K+ engagements and 15,613 messaging conversations in 12 months; improved Booking.com photo-quality scores to 10/10 for both properties and participate in recurring business reviews.
- Direct Sales & Digital Transformation:** Identified the hotel's lack of an owned direct-booking channel and independently launched a bilingual booking ecosystem and operating dashboards; later built owned Aqua Park ticketing/QR validation and Weddings lead-generation platforms.
- Career Progression & Leadership:** Entered Marketing as Coordinator in Jan 2023 and was promoted to Marketing Supervisor in Dec 2023 within 11 months, building on a Front Office / Shift Leadership foundation since 2021.

PROFESSIONAL EXPERIENCE

Career path: Front Desk & Shift Leadership (2021-2022) -> Marketing Coordinator (Jan-Nov 2023) -> Marketing Supervisor (Dec 2023-Present)

Marketing Supervisor Dec 2023 - Present	Cairo, Egypt
Marketing Coordinator Jan 2023 - Nov 2023	
Jewel Sport City & Aqua Resort / Jewel Plaza	

Sales, Revenue Generation & Commercial Planning

- Develop and execute hotel marketing plans with a commercial objective, linking campaigns, offers, pricing, channels and guest acquisition to room, banquet and revenue opportunities.
- When occupancy was approximately 38%, proposed and executed a 7-day rooms campaign with EGP 4K media spend. Owned concept, AI-led creative, editing, targeting, optimization and lead follow-up, then personally handled incoming direct reservations; generated EGP 300K+ directly tracked bookings (75x+ ROAS), excluding walk-ins, while occupancy rose to 80%+ during the campaign period.
- Since 2023, prepare and periodically review segment-specific rate structures with the Director of Sales & Marketing using ADR, demand patterns, competitor positioning and segment performance to support pricing and revenue decisions.

Corporate, Travel Trade & Market Development

- Conduct ongoing feeder-market, competitor and account research across Chinese, Gulf, Italian, Spanish and other source markets to identify demand gaps, new companies, tour operators and travel partners.
- Lead outreach, meetings, presentations, follow-up and commercial negotiation, converting new accounts into contracted business including Hero Middle East & Africa, Egypt Shali Travel, Total Tours, Gratsia Tours, Discovery Tours Egypt and Asyad Travel.
- Developed Hero Middle East & Africa as a corporate account; employee accommodation alone generated EGP 3M+ in room revenue over the most recent six-month period.
- Secured accommodation business from the Embassies of Kenya and the Republic of Korea, including official delegations and accompanying companies connected with EDEX; also redesigned contracts and commercial offers to strengthen sales presentation.

Banqueting Commercial Transformation & Sales Enablement

- Assigned by the General Manager to restructure and establish the Banqueting function, supporting staff selection/hiring and delivering marketing training so the team could sell packages and venues more effectively.
- Conducted market and competitor surveys across nearby hotels and venues, benchmarked packages and pricing, then redesigned the hotel's banquet packages and commercial proposition.
- Proposed moving banquet marketing in-house instead of relying on external contractors, then personally led campaign concepts, creative production/editing, paid-media setup, audience targeting, lead generation and follow-up.
- Over approximately two years of leading banqueting marketing, average wedding volume increased to around 60 weddings per month, compared with no more than 10 even during previous peak periods.
- Support sales across five banquet halls and built a dedicated Weddings & Banqueting landing page connected to Meta Pixel, creating a measurable acquisition path from advertising to enquiry and Sales/Contracting follow-up.

Digital Marketing, Distribution, Brand & Capability

- Own hands-on performance marketing across Google and Meta, from campaign strategy and creative concepts through production/editing, media execution, targeting and optimization; use digital channels as a demand-generation and sales-enablement engine, not only for awareness.
- Delivered 12-month digital performance (1 Jul 2025 - 1 Jul 2026): 2.7M+ content views, 1.5M+ Reels views, 200K+ engagements, 15,613 messaging conversations, 135,291 followers and 6,752 net new followers.
- Participate in recurring Booking.com business-review meetings and manage property content and presentation priorities; improved photo-quality scores to 10/10 for both hotels, from 8.2 and 7.6 respectively.
- Introduced QR-based hotel and restaurant satisfaction surveys to support continuous guest-feedback collection, Guest Relations monitoring and management-response workflows.
- Supported pre-opening and expansion marketing for a new Jewel property through market research, positioning, commercial setup and Booking.com establishment; also delivered practical marketing training to hospitality professionals and hotel marketing teams.
- Co-developed hotel IPTV with IT (2025-Present), owning guest-facing interface design and in-room content for both properties; also standardize brochures, menus, banners, offers and other sales-support collateral.

SELECTED COMMERCIAL & DIGITAL TRANSFORMATION PROJECTS

Selected examples of identifying a commercial or operational gap, building the response and taking it into live hotel operations.

Hotel Direct-Booking & Digital Operations Ecosystem - 2026 jewelsportcityandplaza.com

BUSINESS CHALLENGE The hotel had no owned website and Booking.com was its only online room-reservation channel, leaving no property-owned direct booking journey or integrated web-based controls.

ACTION Identified the commercial gap, mapped hotel workflows, then independently planned, built, tested and launched the bilingual customer-facing website and operational back end.

DELIVERED Direct booking and booking lookup; reservations management; rate and allotment controls; offers; content/gallery management; performance dashboards; Guest Relations and review analytics.

BUSINESS IMPACT Established the hotel's first owned online booking capability and gave Reservations and Guest Relations dedicated operating dashboards, creating a direct alternative to a Booking.com-only online reservation model.

Aqua Park Direct Ticketing, Back Office & Gate Validation - 2026 aqua.jewelsportcityandplaza.com

BUSINESS CHALLENGE Online Aqua Park sales relied on external intermediaries such as Waffarha, while direct customers otherwise purchased at the gate. There was no owned end-to-end online sales and entry-validation journey.

ACTION Built a property-owned flow connecting digital acquisition, booking/payment confirmation, ticket identification and final security validation.

DELIVERED Package/ticket booking; payment confirmation; booking ledger; admin/HQ controls; revenue and invoice visibility; ticket ID/QR flow; security gate portal with scan and manual backup.

BUSINESS IMPACT Created a direct digital sales and operating channel linking the guest's online purchase to management control and gate entry, giving the Aqua Park an owned alternative to intermediary-only online sales and walk-in purchase.

Weddings & Banqueting Lead-Generation Platform - 2026 weddings.jewelsportcityandplaza.com

BUSINESS CHALLENGE As part of the broader in-house banqueting growth program, wedding campaigns needed a focused conversion destination that clearly presented venues and packages and supported measurable paid media.

ACTION Built and launched a dedicated landing page, connected it to Meta Pixel and used it as the destination for paid campaigns and enquiry generation.

DELIVERED Five-hall presentation; capacity and package communication; enquiry/contact pathways; campaign-ready landing experience; Pixel-enabled measurement foundation.

BUSINESS IMPACT Created a clearer bridge between advertising, prospect interest and the Sales/Contracting team, supporting the wider commercial program that scaled average wedding volume to around 60 per month.

EARLIER HOTEL OPERATIONS & LEADERSHIP

Front Desk Receptionist & Shift Leader | Jewel Sport City Hotel | 2021 - Dec 2022

- Ran assigned front-office shifts and supervised a four-person team, ensuring service continuity, effective handover and day-to-day operational control.
- Handled complaints, special requests, group bookings, check-in/check-out, room assignments and changes, late check-outs, billing checks and front-office documentation; coordinated room status and guest concerns with Housekeeping and other departments.
- Assigned by the Front Office Manager to train two colleagues on night-shift responsibilities until they could independently manage the shift; also improved productivity reporting and night-run archiving methods.
- Used reservations, guest-service and room-sales knowledge as the bridge into marketing and commercial work, later contributing with hotel leadership to an integrated Sales & Marketing plan for the Jewel hotel chain.
