SELECTED CAREER HIGHLIGHTS

- Career Progression & Leadership:** Entered Marketing as Coordinator in Jan 2023 and was promoted to Marketing Supervisor in Dec 2023, within 11 months.
- Commercial Market Diversification:** Converted ADR and competitor intelligence into contracted business across Hero Middle East & Africa, Egypt Shali Travel, Total Tours, Gratsia Tours, Discovery Tours Egypt and Asyad Travel; also secured accommodation business from the Embassies of Kenya and the Republic of Korea, including delegations and accompanying companies connected with EDEX.
- 12-Month Digital Performance:** 2.7M+ content views, 1.5M+ Reels views, 200K+ engagements, 15,613 messaging conversations, 135,291 followers and 6,752 net new followers from 1 Jul 2025 to 1 Jul 2026.
- Pricing & Distribution:** Own the preparation and periodic review of segment rate structures with the Director of Sales & Marketing; participate in recurring Booking.com business reviews and improved photo-quality scores to 10/10 for both properties.
- Direct Sales Transformation:** Identified the hotel's lack of an owned website and direct online room-booking channel, then independently developed and launched the hotel direct-booking ecosystem and operating dashboards in 2026.

PROFESSIONAL EXPERIENCE

Career path: Front Desk & Shift Leadership (2021-2022) -> Marketing Coordinator (Jan-Nov 2023) -> Marketing Supervisor (Dec 2023-Present)

Marketing Supervisor | Dec 2023 - Present
Marketing Coordinator | Jan 2023 - Nov 2023
Jewel Sport City & Aqua Resort / Jewel Plaza

Cairo, Egypt

Marketing Strategy, Commercial Planning & Pricing

- Develop and execute hotel marketing plans, campaign direction, promotional priorities and commercial messaging in coordination with Sales & Marketing leadership and operating departments.
- Track market conditions, demand mix, competitor activity and hotel performance indicators; translate findings into actions across pricing, account targeting, offers, campaigns, distribution and sales-support materials.
- Since 2023, own the preparation and periodic review of segment-specific rate structures with the Director of Sales & Marketing, using ADR, demand patterns, competitor positioning and segment performance to support commercial decisions.

Corporate, Embassy & Market Development

- Conduct competitor, feeder-market and account research to identify companies, travel partners and sources of demand not previously working with the hotel.
- Lead outreach, meetings, presentations, follow-up and commercial negotiation, converting new accounts into contracted business including Hero Middle East & Africa, Egypt Shali Travel, Total Tours, Gratsia Tours, Discovery Tours Egypt and Asyad Travel.
- Secured accommodation business from the Embassies of Kenya and the Republic of Korea, including official delegations and accompanying companies connected with the EDEX defence exhibition.
- Redesigned legacy contracts and commercial offers used across sectors, improving structure, content, facility presentation, messaging and overall professional presentation to clients.

Brand, Performance Marketing & Distribution

- Manage performance marketing across Google and Meta, planning and optimizing paid campaigns and using conversion-focused web assets and Meta Pixel tracking where applicable.
- Delivered 12-month digital performance (1 Jul 2025 - 1 Jul 2026): 2.7M+ content views; 1.5M+ Reels views; 200K+ engagements; 15,613 messaging conversations; 135,291 followers; and 6,752 net new followers.
- Participate in recurring Booking.com business-review meetings with hotel management and manage property content, presentation and optimization priorities across the platform.
- Improved Booking.com photo-quality scores to 10/10 for both properties, from 8.2 at Jewel Sport City and 7.6 at Jewel Plaza, through structured visual-content optimization.
- Develop and standardize brochures, menus, banners, promotional cards, offers and other printed/digital collateral, strengthening brand consistency and sales presentation across hotel services.

Banqueting, Guest Experience, Pre-opening & Capability Building

- Support sales across five banquet halls through revenue-oriented wedding, banqueting and event campaigns, working alongside Banquet Management and Sales/Contracting so marketing activity feeds the commercial pipeline.
- Built a dedicated weddings and banqueting landing page, connected it to Meta Pixel and used it as a destination for paid campaigns and enquiry generation.
- Introduced QR-based hotel and restaurant satisfaction surveys, enabling continuous feedback collection and supporting Guest Relations monitoring and management-response workflows.
- Supported pre-opening and expansion marketing for a new Jewel property through market research, positioning, commercial setup and online distribution activity, including Booking.com establishment.
- Delivered practical marketing training to hospitality professionals and marketing teams from multiple hotels.
- Co-developed hotel IPTV with IT (2025-Present), owning the guest-facing interface design and all in-room content for both properties, with ongoing content maintenance in the current role.

SELECTED BUSINESS TRANSFORMATION PROJECTS

Selected examples of diagnosing a real commercial/operational gap, building the solution and taking it into live hotel operations.

Hotel Direct-Booking & Digital Operations Ecosystem - 2026 jewelsportcityandplaza.com

BUSINESS CHALLENGE The hotel had no owned website and Booking.com was its only online room-reservation channel, leaving no property-owned direct booking journey or integrated web-based controls.

ACTION Analyzed the gap, mapped hotel workflows, then independently designed, developed, tested and launched the customer-facing website and operational back end from scratch.

DELIVERED Bilingual property presentation; direct booking and booking lookup; reservations management; rate and allotment controls; offers; content/gallery management; performance dashboards; Guest Relations and review analytics.

BUSINESS IMPACT Established the hotel's first owned online booking capability and equipped Reservations and Guest Relations with dedicated operating dashboards, creating a direct alternative to a Booking.com-only online reservation model.

Aqua Park Direct Ticketing, Back Office & Gate Validation - 2026 aqua.jewelsportcityandplaza.com

BUSINESS CHALLENGE Online Aqua Park sales relied on external intermediaries such as Waffarha, while direct customers otherwise had to purchase at the gate. There was no owned end-to-end online sales and entry-validation journey.

ACTION Built a property-owned flow connecting digital acquisition, booking/payment confirmation, ticket identification and final security validation.

DELIVERED Package/ticket booking; payment confirmation; booking ledger; admin/HQ controls; revenue and invoice visibility; ticket ID/QR flow; security gate portal with scan and manual backup.

BUSINESS IMPACT Created a direct digital sales and operating channel linking the guest's online purchase to management control and gate entry, giving the Aqua Park a property-owned alternative to intermediary-only online sales and walk-in purchase.

Weddings & Banqueting Lead-Generation Platform - 2026 weddings.jewelsportcityandplaza.com

BUSINESS CHALLENGE Wedding and banquet campaigns needed a focused conversion destination that clearly presented venues and offers and could support measurable paid media.

ACTION Built and launched a dedicated landing page, connected it to Meta Pixel and used it as the destination for paid campaigns and enquiry generation.

DELIVERED Five-hall presentation; capacity and package communication; enquiry/contact pathways; campaign-ready landing experience; Pixel-enabled measurement foundation.

BUSINESS IMPACT Created a clearer bridge between advertising, prospect interest and the Sales/Contracting team, giving banqueting campaigns a dedicated lead-generation asset.

EARLIER HOTEL OPERATIONS & LEADERSHIP

Front Desk Receptionist & Shift Leader | Jewel Sport City Hotel | 2021 - Dec 2022

- Ran assigned front-office shifts and supervised a four-person team, ensuring service continuity, effective handover and day-to-day operational control.
- Handled complaints, special requests, group bookings, check-in/check-out, room assignments and changes, late check-outs, billing checks and front-office documentation; coordinated room status and guest concerns with Housekeeping and other departments.
- Assigned by the Front Office Manager to train two colleagues on night-shift responsibilities until they could independently manage the shift; also improved productivity reporting and night-run archiving methods.
- Used reservations, guest-service and room-sales knowledge as the bridge into marketing, later contributing with hotel leadership to an integrated Sales & Marketing plan for the Jewel hotel chain.
